ULTRA BUGGY® 2500-T

TRACKED MATERIAL BUGGY

Move Heavy Materials With Less Effort

When the job involves constant hauling of concrete, gravel, or debris, the Ultra Buggy 2500-T helps crews move more with fewer trips. Built to reduce manual handling, it supports smoother workflows on construction and landscaping sites. The compact tracked design keeps materials moving efficiently across the site, helping protect crew energy, maintain momentum, and improve daily productivity from pour to cleanup.

Key Specifications
