

Count on it.

WORKMAN® HD SERIES UTILITY VEHICLES

ATTACHMENT & ACCESSORY GUIDE

Workman HD Series

The Workman HD Series is designed with your toughest work challenges in mind, from the front bumper to the rear bumper and everything in between. Engineered with the highest total carrying capacity in the industry and a wide variety of attachments and accessories, the Workman HD Series utility vehicles can be equipped with the right tool in any application.

Workman HD

- 23 hp (17 kW), 674 cc air cooled Kohler® Command PRO® gas engine
- Total carrying capacity 3,352 lbs (1,524 kgs) and a towing capacity of 3,500 lbs (1588 kgs)
- DeDion design rear suspension system with dual coil springs and shock absorbers

Workman HDX-D

- 23.3 hp (17.4 kW), 898 cc liquid cooled Kubota® 902D diesel engine
- Total carrying capacity 3,244 lbs (1475 kgs) and a towing capacity of 3,500 lbs (1588 kgs)

Workman HDX-D – 4WD

- 23.3 hp (17.4 kW), 898 cc liquid cooled Kubota® 902D diesel engine
- Total carrying capacity 3,185 lbs (1448 kgs) and a towing capacity of 3,500 lbs (1588 kgs)
- On demand, bi-directional four wheel drive traction for increased traction and control

Workman HDX

- 32.5 hp (24.2 kW) horsepower, 962 cc liquid-cooled Kubota® 972EFI gas engine
- Bed carrying capacity 3,249 lbs (1477 kgs) and a towing capacity of 3,500 lbs (1588 kgs)

Workman HDX – No Bed

- 32.5 hp (24.2 kW) horsepower, 962 cc liquid-cooled Kubota® 972EFI gas engine
- Total carrying capacity 3,577 lbs (1625 kgs)
- Towing capacity of 3,500 lbs (1588 kgs)

Workman HDX – 4WD

- 32.5 hp (24.2 kW) horsepower, 962 cc liquid-cooled Kubota® 972EFI gas engine
- Total carrying capacity 3,190 lbs (1450 kgs) and a towing capacity of 3,500 lbs (1588 kgs)
- On demand, bi-directional four wheel drive traction system for increased traction and control

Attachment Options

ProPass™ 200 Topdresser | Bed Mount & Trailer Options

- Evenly apply materials to the turf from 9 ft (2.74 m) to 35 ft (10.67 m)
- Repeatable settings for consistent operation and defined edges
- 21 cubic feet (.54 cubic meters) of material handling capability
- Standard or electronic controls
- Switch from Twin Spinner to optional Cross Conveyor / Swivel Kit Assembly in minutes with no tools

Topdresser 1800

- 18 cubic feet (502 liters) conveyor belt style topdresser that is hydraulically driven by remote hydraulics
- Mounts to rear 2/3 of the Workman utility vehicle to deliver precise topdressing application

Topdresser 1800 Lift Kit

- Lift kit assembly consisting of chain and brackets
- Used to assist in the installation and removal of the Topdresser 1800

Workman® HD Series Accessories

Attachment Options

Cab Kit

- Features a vented front glass windshield for cross ventilation, glass windshield, and side panels for enhanced visibility, interior dome light, and a 2-speed windshield wiper
- ROPS & CE certified

Cab Heater

- Mounted inside on the passenger side near the floor
- Heater provides enhanced comfort when needed on cold weather days – ties into radiator

Casket Transporter | Allied

- Cemetery application used to transport caskets
- Contact R&D Fabrication and Welding: 309-796-1126
www.rndfab.com

Interior/Exterior Mirror Kits

- Operator and passenger side mounted rear view mirrors for enhancing all around visibility
- Externally mounted to the cab frame

Patriot Lift | Allied

- Aerial lift device for maintenance of golf courses, parks, orchards, street lights, etc.
- Working height of 25 ft. (7.62m)
- Contact TG Industries: 712-864-3737 www.armlift.com

Workman Spray System

Multi Pro® WM Sprayer

- Transforms your Workman into a highly productive precision sprayer
- 200 gallon (757L) low profile tank sprayer with diaphragm pump using a 3-section 18 1/2" (5.6m) open boom system
- Requires Rear PTO Kit and 4-Post ROPS Kit
- Rear view Mirror & Hand Throttle, are recommended with all spray systems

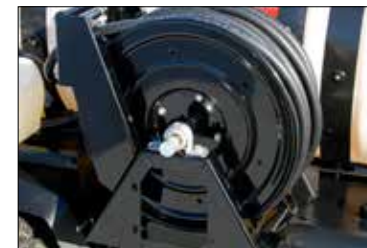

ProFoam Marking Kit

- Dispenses soap foam droplets from outer tip of boom during spray operations
- Makes it easier to correctly overlap the spray pattern on the return path
- Requires ProFoam Marking Kit Mounting Bracket

ProFoam Concentrate

- Soap concentrate for use with all Toro foam markers

Hose Reel Kit

- 150' (7m), 1/2" (12.7mm) hose
- Powered reel that connects to spray gun to add flexibility to your Workman sprayer
- Used to spot spray greens and other hard to reach turf

Hand Spray Gun Kit

- Includes 25' of 1/2" hose (7.6m of 12.7mm hose), hose hanger, hose hook, trigger actuated spray gun, gun mounting bracket, rate control switch and control valve

Sonic Boom Kit

- Automatically adjusts the height of the outer boom to maintain constant distance to ground for uniform overlap
- Utilizes sonar to measure the distance to ground

Towed Attachments

Topdresser 2500

- A self-contained, all-wheel drive unit towed behind a Workman HD series utility vehicle
- 25 cubic foot (698 liters) capacity to tackle the toughest topdressing jobs

Specifications subject to change. Please contact your Toro distributor for details. Rev. 2/22

Pro Sweep®

- Sweeper with 25 cu. ft. (698 liters) high dump hopper
- Sweeping width of 52" (132cm) and a 14" (36cm) hydraulically-driven brush
- Wireless Remote Control

Pro Force® Debris Blower

- 24.6 hp Kohler® Command Pro™ engine
- Efficient turbine-type axial flow fan assembly design
- 360 degree nozzle rotation in either direction
- Wireless Remote Control

Rahn® Groomer | Allied

- The Rahn GL650 Infield Groomer levels uneven playing fields, helping to prevent ridge build up while creating a safer, more consistent infield
- Scarifier and Spring Tine options available
- The 2-Way leveling system provides both a lock and float position to match infield conditions
- Rahn Groomer and Mounting Kit available from Rahn Industries, www.rahngroomer.com or 800-298-1707

Workman® HD Series Accessories

Winter Accessories

BOSS® Snow Plow

Engineered for your HDX vehicle, yet built to the same professional grade standards as full-size BOSS plows, making them tough enough to handle any snow removal job.

BOSS® V-Box Spreader

Engineered to spread sand and rock salt as well as other deicing materials while boasting even more features to help make your job as smooth and steady as possible

ATV / Snow Tires

Aggressive tread to provide extra traction during snowy conditions

Accessory Options

Canopy

- Protects operators and passengers from the sun and rain
- Made of durable, high density polyethylene material with drainage outlets for moisture runoff

Folding Windshield

- Clear, high impact modified acrylic material
- Quick and easy fold down design to allow air flow and enhance operator and passenger comfort

Accessory Options

4-Post ROPS

- Consists of four vertical posts connected together by top members
- Protects operator from injury in case of roll over.

Note: 4-Post ROPS must be added to Workman Sprayer

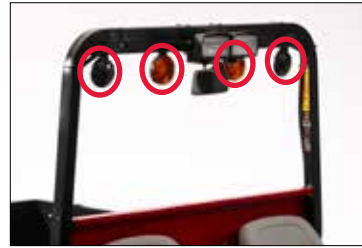

Work Light Kit

- Consists of three work lights for mounting on top of ROPS bar

Signal Light Kit

- Turn signal lights for both corners in the front and rear
- Also contains brighter beam headlights

ROPS Signal Light Kit

- Consists of two double amber warning lights and two single red tail lights
- Mounted on top of ROPS bar
- Requires Light Kit for the necessary wiring for ROPS Kit

High-Flow Hydraulics Kit

- Provides 8 GPM hydraulic flow in a separate circuit
- Used to power attachments and implements, such as Pro Sweep®, Vicon® Spreader, Topdressers, etc.

Spark Arrestor

- Used for Daihatsu engines
- Fits into end of tailpipe to help prevent sparks from emitting from exhaust

Plastic Bedliner

- A rugged, weatherproof plastic construction liner that protects cargo bed

High Air Intake Kit

- Kit extends air intake system from underneath the cargo bed to a position slightly above the ROPS shield behind the passenger position of the vehicle
- Recommended for dusty applications

Horn

- Used to alert other vehicles, pedestrians or traffic. Standard equipment on current models.

Tachometer/ Speedometer

- Provides a tachometer and speedometer for the HD air-cooled Workman

Trailer Brakes

- Kit provides a controller which plugs into Workman vehicle and a positive wire
- Assists the hook up of customer supplied electric trailer brakes

Trailer Signal Wiring

- Kit provides electrical wire for Workman vehicle
- Allows operator to enable easy hook up to customer supplied trailer signal and brake lights

Reverse Alarm

- Provides automatic reversing alarm
- Sounds whenever the vehicle is in reverse gear

Hand Throttle Kubota® EFI

- Electronically-controlled throttle and speed control
- Holds RPM constant during spraying and topdressing applications for consistent application rate

Rear PTO Kit

- Rear-mounted, 540 RPM, PTO shaft mechanically driven by transaxle
- Required for the Workman Sprayer System

Rear PTO Overrunning Clutch Kit

- Required when using rear mounted, high inertia attachments, such as mower decks or blowers
- Allows the attachment drive shaft to continue rotating after disengagement of the vehicle PTO

Hand Throttle HDX-D

- Mechanical throttle and speed limit control
- Provides constant RPM for stationary attachments or a controlled maximum speed for applications such as spraying or spreading
