

TURF RENOVATION

HORIZON360
CONTRACTOR BUSINESS SOFTWARE

COMPATIBLE

HEALTHY TURF CAN MAKE ALL THE DIFFERENCE.

Toro's turf renovation line combines heavy-duty commercial durability with features that save time—including mower-inspired controls and exceptional maneuverability. In addition to that, you'll also get the speed and fuel capacity you need to push your productivity to the max.

BRUSHCUTTER

HANDLE TOUGH BRUSH

Up to 6' tall and saplings up to 2" in diameter with flail blade for increased cutting performance.

MANEUVER EASILY

Over uneven terrain with a pivoting deck and one-hand control feature.

GET TRACTION

On slopes or in ditches or culverts with sealant-filled aggressive-tread tires.

GAIN DURABILITY

From the high-strength steel deck and large-diameter pulleys.

20" HYDRAULIC SLIT SEEDER

MAKE TIGHT TURNS WITH ONE HAND

Thanks to the variable speed drive system, which handles like a self-propelled mower.

MANEUVER ON HILLS

With the stability of a wide base.

MAXIMIZE DURABILITY

With solid 11-gauge steel construction and high-carbon, heat-treated spring steel blades.

ADJUST SEED FLOW RATE

For the application and seed type.

18" MECHANICAL POWER RAKE

MAKE TRANSPORT EASY

With a compact, lightweight design.

SIMPLIFY OPERATION

With centrifugal clutch blade engagements.

CONVERT TO SEEDING

With optional accessories for spring and fall use in one machine.

HANDLE ANY DETHATCHING PROJECT

With 32 flail blades on 1.5" spacing.
