ULTRA BUGGY® 2500-TS

TRACKED SWIVEL MATERIAL BUGGY

Place Materials Precisely and Move On

When accuracy matters and time is tight, the Ultra Buggy 2500-TS helps crews place material where it needs to go and keep moving. For teams stepping up from wheelbarrows and looking for a fast return on productivity. Built for contractors and landscapers handling heavy loads, it supports efficient transport and controlled placement without extra shoveling or rework. The swivel tub improves placement along forms and edges, helping teams stay productive and finish jobs faster.
