Stay in Control from the Course

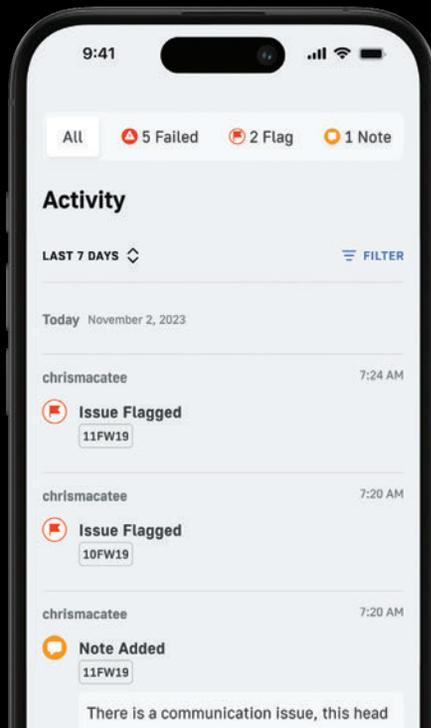

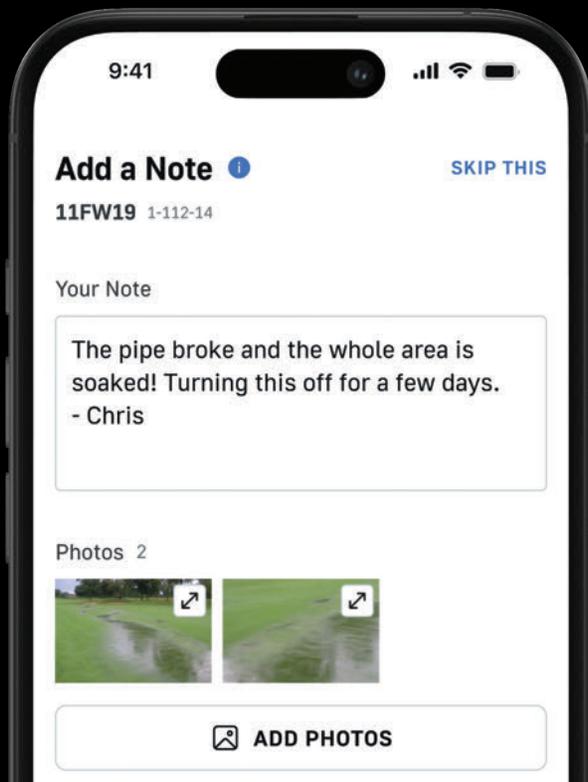

Make real-time decisions in the field—without going back to the office. Lynx Drive® is a mobile-optimized application that puts diagnostics, adjustments, system control, and notes right at your fingertips—accessible anytime from your phone or tablet.

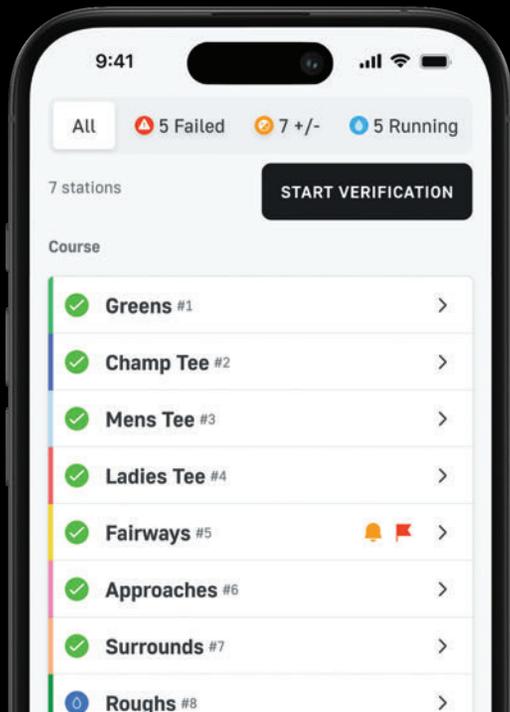

TORO.

Smarter Notes. Smoother Operations.

Document issues, track resolutions, and communicate with your team in real time. Patented Lynx® Smart Notes keeps everything—from photos to flags—organized and synced between the field and central system so everyone stays informed, instantly. Smart Notes are stored for one year. Flags remain active until manually cleared by the user.

Designed for Superintendents—Not Desktops

Effortless navigation, intuitive controls, and responsive design. Lynx Drive® is reimagined from the ground up with input from golf course professionals—and designed to be as efficient and intuitive as your favorite app.

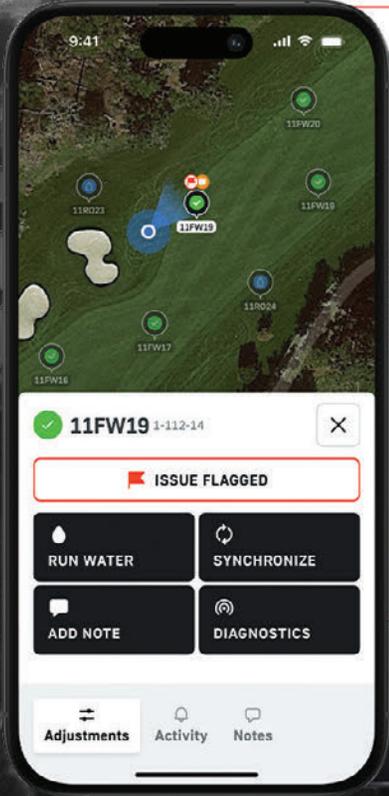

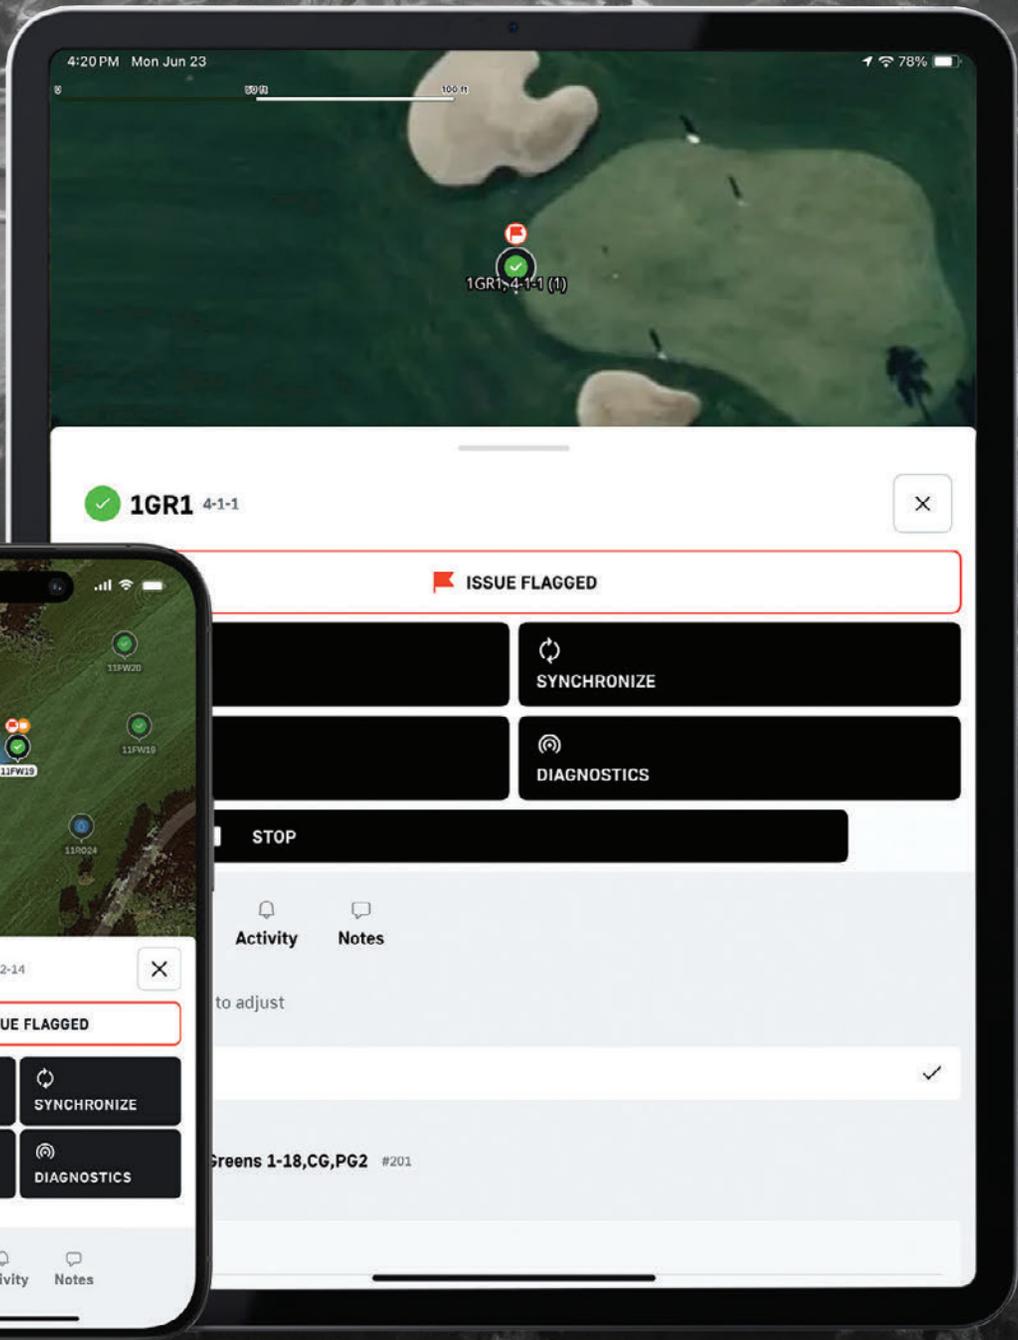

The TORO logo is a red rounded rectangle with the word "TORO" in white, bold, uppercase letters.

Data Rich Mapping

See everything happening on your course, in one interactive view.

Integrated maps display live alerts, irrigation status, and smart notes—so you can make informed decisions at a glance.

The TORO logo is a red rounded square with the word "TORO" in white, bold, serif capital letters. A small registered trademark symbol (®) is located at the end of the word.

Efficient Irrigation. Elevated Experience.

Precision irrigation, easy percent adjustments, and one-touch synchronization. Whether you're running diagnostics, changing nozzles, or adjusting flow, Lynx Drive helps you execute with confidence and speed.

TORO.

Modern. Mobile. **Made to Perform.**

Lynx Drive isn't just an upgrade. It's a redefinition of irrigation control—sleek, capable, and always evolving.
