

Count on it.

WORKMAN® UTX

ACCESSORY GUIDE

Workman UTX Series Utility Vehicles

The Workman UTX is a straightforward, no-nonsense, 4-wheel drive utility vehicle built to stand up to the toughest tests without compromising performance. With standard commercial-grade components, the highest payload in its class, and a proprietary speed control system, it's designed for the rigors of a long work week.

2-Passenger Model

4-Passenger Model

Cab and Canopy

Canopy

- A durable and dependable way to keep the sun and elements out of the operator area.

Polycarbonate Windshield

- An impact-resistant, fixed windshield made of a UV-stabilized polycarbonate for improved visibility.

Glass Windshield and Wiper

- A tilt-out, glass windshield that features a washer and a wiper for clear vision in all elements.

Polycarbonate Doors

- A scratch and shatter resistant door made of a UV-stabilized polycarbonate for improved visibility.

Polycarbonate Rear Windshield

- A scratch and shatter-resistant rear windshield made of a UV-stabilized polycarbonate for improved visibility.

Overhead Console and Wiring Harness

- Features over two gallons of storage, a dome light and cab accessory harness.

Work Lights

- Three LED lights (two in the front and one in the back) to shed extra light on the road or your cargo bed.

Half Door

- Steel half door with latch and shock-assisted opening for easy egress and ingress.

Workman® UTX Accessories

Cab and Canopy

Side View Mirror Kit

- Set of two adjustable side view mirrors to keep an eye on your trailer straps.

Rear View Mirror Kit

- Large, adjustable rearview mirror to make backing up a breeze.

Under Seat Storage

- Add to the already abundant storage with almost 9 gallons of additional space under the seat.

Beacon

- Rotating orange light used to increase visibility of the machine.

Accessories

Side Bed Racking

- Securely transport the tools of the trade conveniently on the side of the cargo bed.

Draw Bar Kit

- Use with a ball or a pin to utilize the UTX's towing capacity.

Alloy Wheels and Tires

- Larger, more aggressive wheels for additional clearance and traction in tough conditions.

Universal 12-Volt Power Kit

- Add a power point for charging or powering accessories.

Heater and Air Conditioning Kit

- Add heat only or a heat and air conditioning combination to stay comfortable in any weather.

Supervisory Key

- Used to lock in or override key speeds, the acceleration rate, the use of 4WD and other key items.

Ram Mount Ball

- Ram™ mounts can be used to mount phones, tablets or drink holders conveniently on the dash.

Electric Bed Lift

- Dump a full cargo box with the push of button with this powerful, electronic lift.

Center Bed Racking

- Safeguard your crew and rear windshield with this protective panel that can be paired with side bed racking.
