

The Toro logo is a red rounded rectangle with the word "TORO" in white, bold, serif capital letters.

AQUA-TRAXX® AZUL REVIVE™

Aqua-Traxx Azul® REvive is Toro Ag's innovative drip tape, engineered with recycled resins to foster circularity in agricultural plastics. It is the perfect choice for growers and agricultural operations seeking to minimize environmental impact without compromising performance.

BENEFITS:

- Promoting landfill diversion and waste reduction, contributing to responsible land stewardship.
- Encouraging environmentally responsible end-of-season practices, such as proper disposal or recycling of used materials.
- Supporting farmers and their customers in achieving their Environmental, Social, and Governance (ESG) goals by incorporating recycled materials into agricultural production products.

THE MOST CLOG-RESISTANT TAPE IN THE INDUSTRY!

PATENTED MULTI-STAGE FILTERS
PROTECT THE EMITTER FROM
DIFFERENT SIZES OF DEBRIS

**NOW
ENGINEERED WITH
RECYCLED
RESINS**

**AVAILABLE
ULTRA LOW
FLOW EMITTERS**
(0.07, 0.08, 0.09, 0.10 gph)

**Conserving water, reducing labor,
and minimizing clogging risks while
fostering land stewardship through
engineered recycled resins.**

Landfill Diversion Referral Service*

Toro Ag promotes environmentally responsible end-of-season drip tape recycling through its **Landfill Diversion Referral Service**. This program connects growers in select **U.S. regions, including California and the Pacific Northwest**, with trusted Material Recovery Facilities (MRFs) for proper recycling and disposal. The service helps collect and recycle used drip tape, creating a reliable supply of high-quality, post-agricultural-use resins for the marketplace. As the program expands, additional recycling markets will be added. To learn more, scan the **Recycling Guide QR code below**.

<https://driptips.toro.com/recycling-guide-aqua-traxx-azul-revive/>

Geographic limits based on the pick-up location; the pick-up is not guaranteed

If you are a **Material Recovery Facility (MRF)** interested in partnering with Toro Ag, please contact us at **RecyclingAg@toro.com**. Include details about your location, the material specifications you accept, and any processing requirements. A member of the Toro team will follow up to discuss potential collaboration opportunities and how we can connect your services with growers seeking local recycling solutions.
